

Swift In-Desk Power, USB & Wireless Charging Hub

Features:

- Easy lift, push to open
- Qi-compatible
- Comes with a 3 core 1.2m flex and 3 pin plug
- Green LED indicates wireless charging
- Surround has been designed to deflect spillages
- Available in white or black
- Many applications in offices and meeting rooms

SWIFT is an integrated charging hub that offers USB fast charging, wireless fast charging and two auto switched 10A socket outlets, which caters for most "on-desk" power and charging requirements.

Simply place your compatible induction charging device on the lid of the SWIFT. Both a green light in the unit and a beep from your mobile device will acknowledge the connection and charging will commence. Alternatively, plug your mobile device into the USB Type A or C fast charging ports in the SWIFT.

Specifications:

- 15w wireless fast charging
- 2 x USB fast charging sockets with integral power supply
Type A (QC): 5v-3A, 9v-2A, 12v-1.5A
Type C (PD): 5v-3A, 9v-2A, 12v-1.5A
